## **EXAMINER'S AMENDMENT**

### ***Introduction***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with applicant's attorney Robert Sloan on May 17, 2004.

### ***Election/Restrictions***

2. Claim 1 is generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and claims 6 and 7, directed to the species of the method are no longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claim. However, claims 8-13, directed to the non-elected invention of the product remain withdrawn from consideration.

In view of the above noted withdrawal of the restriction requirement as to the linked species, applicant(s) are advised that if any claim(s) depending from or including all the limitations of the allowable generic linking claim(s) be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 44 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

### ***Amendments***

3. The application has been amended as follows:

Claims 8-13 have been canceled without prejudice as being drawn to a non-elected invention.

Art Unit: 1732

***Examiner's Statement(s) of Reasons for Allowance***

4. The following is an examiner's statement of reasons for allowance:

- (1) Claim 1 and the claims dependent therefrom are allowable for the reasons set forth by applicant on pages 8-10 of their response filed on April 5, 2004.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
